Vegan Menu

We have done everything within our power to assure that this menu is vegan. That being said, we are not trained dieticians **and** we cannot be held accountable for any errors or inaccuracies. When in doubt, please refrain from ordering that item. Please explicitly state any special needs.

Follow Your Heart Vegan Mozzarella, Daiya Vegan Cheddar and Daiya Italian Blend are our three vegan cheese options. We have found that these cheeses both melt best when the pizza is cooked longer than the standard time. This provides an extra crispy crust and even melting. The edges of the pizza will typically burn when doing this with the gluten free egg free crust. At your request, the pizza can be cooked for less time to avoid burning, but the cheese will not melt as thoroughly.

Additionally, to cook the gluten free crust to proper crispiness, no matter which cheese is used, the edges will be dark. You may want to order it with less cooking time.

Substituting vegan cheese for our regular cheese does add to the cost. It is the equivalent of an extra topping for the size ordered. This cost has already been reflected in the prices shown in this menu.

What we have always referred to as "garlic butter" is actually garlic infused margarine that is 100% vegan. All of our breads and crusts are brushed with this before cooking. It can be omitted upon request.
